There are 16 different schools that will have significant projects being funded with the ESSER II funds plus potentially one or two more schools once we bid out the projects and identify the amount of funds still available. We will be bidding out those projects at the end of October and receiving bids in late November and early December. In addition to the 16 schools with large projects, we will be performing smaller projects in at least 4 other schools based on air quality test data. It is our plan to implement all of these projects in 2022 provided equipment and material lead times allow.”

“School Board Policy 1110 Parent/Guardian/Caregiver Survey, stipulates that KUSD implement a parent/guardian survey every two years. However, the current contract with the Studer Education provides a Parent/Guardian survey annually. Also, both of the recent surveys were administered during the COVID pandemic, with an average of 50% of the KUSD students utilizing a virtual option for the 2020-21 school year.

The 2021 Parent/Guardian Survey contained questions or statements in the following areas: school climate, cleanliness/safety, student achievement/grading/assessment communication/follow up, expectations, and shared decision-making.

Responses for each item were presented using a Likert-type scale where respondents were asked to rate their agreement using response categories that ranged from Strongly agree (5) to Strongly Disagree (1). A Neutral category was also available.

The 2021 Parent/Guardian Survey was administered in the Spring of 2021. A specific link to the anonymous survey was distributed to each parent/guardian account through their Infinite Campus Parent Portal. Parents/guardians were informed of the survey through various media notifications, both from the central office and the local school building.

KUSD Parents and Guardians provided 6,473 responses, which is more than double the responses from the 2019-20

“The public hearing on the 2021-22 budget and the annual meeting of district electors were held on September 21, 2021, in the auditorium of Indian Trail High School and Academy. In an advisory vote at the annual meeting of district electors, stakeholders in attendance voted to set the total tax levy at \$86,000,000, rather than the proposed maximum allowed by law, which was initially projected to be a total of \$88,907,061. At the time of the annual meeting, it is important to note that key variables in the budgeting process were not finalized, therefore conservative estimates were included.

Since the public hearing and the annual meeting, the administration has updated the budget to reflect key components such as student membership, equalized property valuations, certified state aid, tax levies, and detailed staffing costs (salary and benefits).

We continue to experience a decline in our total student full-time equivalents (FTE) which drives our revenue limit authority. While 3rd Friday enrollment counts came in better than originally expected, once converted into membership FTE, we still experienced a loss of 215 FTE for revenue limit authority purposes. As such, Policy 8710 has been updated to read, “meetings shall be scheduled to take place on District property or virtually when deemed appropriate.”

In addition, Policy 8712 - School Board Meeting Agenda Preparation and Dissemination was reviewed in regards to what the “agenda shall normally provide” for the order of business. The currently required Review of District Mission, Vision, Strategic Goals and Board of Education Goals, as well as the Evaluation of Board of Education’s Adherence to its Operating Principles, have been removed due to their repetitive nature and will instead be reviewed by the Board periodically as needed. In addition, due to the increase in the number of views and comments, and the Board’s desire to allow all to be heard, the Views and Comments section has been moved to follow New Business. This allows the business of the Board to be conducted up front while ensuring all stakeholders have ample time to speak during the Views and Comments portion of the meeting, particularly with an extension of the comment period as outlined in Policy 8870 - Public Participation at School Board Meetings.

Revisions to Policy 8710 - Regular School Board Meetings and Policy 8712 - School Board Meeting Agenda Preparation and Dissemination are being shared for discussion and action.”
